DECEMBER 2019

Ungooroo Aboriginal Corporation acknowledges the traditional owners, the Wanaruah people. We pay our respect to the elders past, present and future for they hold the memories, traditions, culture and hope of Indigenous people in Australia.

## Welcome to our new home . . .

## UNGOOROO HAS NEW DIGS

Ungooroo Aboriginal Corporation has relocated to a much larger, purpose built and designed facility located in the heart of the Singleton Centre. The project has been a 12 month journey of planning, designing and finally, moving in. The move was instigated by the growing need for a more suitable space for patients, community members and clients of Ungooroo's multi-faceted services.

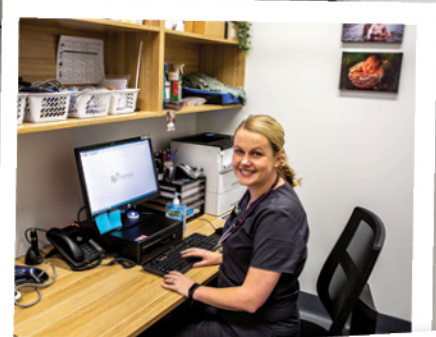

The new facility now provides adequate, accessible and safe car parking in all weather conditions, an increase in GP access, including a BULK BILLING service that is open to general public, and the opportunity to grow and increase our service provision footprint for the Aboriginal and broader community.

The development Of Ungooroo's new and modern facility has been made possible due to the support of local industry leaders and government, which includes our long time partners MACH Energy, GLENCORE and Ministry of Health, who through their

financial contributions have greatly assisted in the development of this new facility and our ongoing endeavour to Close the Gap in Aboriginal Health targets and provide adequate access to health and community services in the Singleton CBD.

The design is modern and fresh whilst embracing elements of Aboriginal culture in many of its features, including our specially commissioned art installation and artefact display, the light shades that pay homage to the kills of basket weavers and the floor design that depicts the coming together of people and meeting places. All of which is helping us to maintain our links to the past, celebrate the present and yet continue moving forward into the future.

Come and visit us at our new centre, drop in and use our broad range of services, or simply come in for a yarn or to enjoy the fine food at our new Wattaka café, all situated in the same centre.

Ungooroo Board of Directors and Management would like to thank our industry supporters for investing in and assisting in building capacity in our social venture to support community and service provision especially in regards to health and supporting the "closing the gap" initiative. Without your support, we would not be able to provide these much needed essential services to communities of the Hunter and Upper Hunter areas.
